TEN CENTS A WEEK

MOVEMENT TO CHANGE DATE INAUGURATION

**Fair Weather is the Exception in Washington on
March 4 and Everybody Favors Change.**

WASHINGTON, March 8.—If Washington doesn't win its fight for a change in the date of the inauguration this time it will not be because a greater effort than ever was not made.

Repeated efforts have been made in the last twenty years to have an amendment added to the constitution that would permit a change in date. Each effort fell through because it was not long-winded enough. This time it is declared the fight will be carried on until the day of inauguration is changed. Right now everybody appears to be giving out interviews favoring the holding of the inauguration some time late in April or on May 4. Along about that time Washington is at its best, being one of the most beautiful cities in the country, if not in the world. If inauguration of the President could be delayed to May 4 the parade could take place in streets flooded with sunshine instead of ankle deep with slush, as on Thursday last.

Most members of Congress are so disgusted with March 4 as the date of the nation's biggest event that they may take action immediately after the special session convenes. Representative Joseph T. Robinson of Arkansas is now preparing a bill to introduce immediately after March 15 which will provide for a change in the inauguration date and the convening of Congress. The measure will of course provide for the submitting of the matter to the various States as well as action by Congress.

It is declared that in addition to those that have already died as a result of having contracted pneumonia on the day of Mr. Taft's inauguration, many prominent persons died as a result of exposure to inclement weather on previous inaugurations. After the inauguration of 1901 Senator Bate of Tennessee, Ambassador Aspiros of New Mexico, Judge Weldon, and others equally prominent, died of pneumonia.

A national organization was formed in 1901, with Commissioner H. B. F. MacFarland of the District of Columbia as its head, to inaugurate a systematic movement for a change of inauguration date. That organization included in its membership Admiral George Dewey, Gen. Nelson A. Miles, C. J. Bell, Frank A. Munsey, the magazine publisher, Justice John M. Harlan, and many other prominent citizens, including the Governors of the States and Territories.

A bill providing for the change passed the Senate twice, the House failing to agree. There were no worthy arguments presented against

the idea, it is asserted, the only objections coming from few members who thought it was not worth while, and a few more who thought that a change in the meeting time of Congress ought to be provided for also, and could not agree on a date.

In interviewing more than a score of Representatives and Senators on the subject since Mr. Taft's inauguration, the writer was unable to find a single member of Congress who was opposed to changing the date of the inaugurations.

"The sooner the date is changed the better," said James H. Griggs of Georgia. "I hope it will not be necessary to wait until some out-going or in-coming President is killed by pneumonia before the date is changed."

Senator Burton of Ohio said he had always advocated an amendment to the constitution which would make possible the inauguration of the President at a time "when we might be reasonably certain of fair weather."

Representative Howard of Georgia: "The constitution was originally intended for the protection of the people. Therefore the date of inauguration should be changed. If you can find anyone opposed to the change let's have his photograph and preserve it as a freak."

Representative John W. Weeks of Massachusetts: "The first inauguration I attended was in 1881, when Garfield was inaugurated. On that day as a naval cadet I marched through the streets of Washington which were thick with slush. Inaugurations invariably occur on stormy days. Mr. Cleveland delivered his second inaugural address on a stormy day."

Representative Pickett of Iowa: "I will support a bill providing for the changing of the lay of inaugurating our Presidents."

Representative David A. DeArmond of Missouri: "I would like to see a change in the date of the inauguration, but would not favor it unless it carried with it a change in the time for the meeting of Congress."

WOMAN BADLY WOUNDED.

CHARLOTTE, N. C., March 8.—While sweeping the floor of a room at her home three miles from Gastonia, N. C., yesterday Mrs. Eugene Ratchford swept a pistol cartridge into the fire-place. The cartridge exploded, the bullet entering the woman's right breast and inflicting a wound that will probably prove fatal.

PRISONERS CAUGHT SAWING OUT OF JAIL

VALDOSTA, Ga., March 8.—Sheriff Passmore put the check upon a well-conceived plan of the negro prisoners in jail to escape Saturday. The negroes have been sawing on the bars with some sort of sharp tool for several days. A wood shop is near there and the muffled sawing was taken for work at the shop.

The sheriff stood just outside of the cell and determined to remain there until he learned something. The sawing went on at intervals for some time and then the negroes began to talk. One negro was trying to persuade the others not to be so bold with the work, or they would be caught.

The sheriff managed to get where he could see them and watched them for some time. Finally he closed in on them and took their saws away, at the same time changing their cells. They had two of the steel bars sawed in two and were sawing two more, making a square hole through which they could crawl.

CONFESSED NIGHT RIDER MAKES ESCAPE

UNION CITY, Tenn., March 8.—Hirschell Hogg, a confessed member of the band of "night riders" who murdered Capt. Quentin Rankin at Walnut Log, in October, escaped from jail at Dresden Saturday night and has not been recaptured. He is supposed to be in hiding in the lake regions. The military at Fort Regan has been notified and are instituting a vigorous search for the fugitive.

While Hogg was held a close prisoner by Sheriff C. A. Brasfield, he had recently been accorded the liberties of a "trusty" and it is now believed that he was implicated in an attack made on Sheriff Brasfield Saturday night by a negro prisoner with a razor in which the officer was severely wounded. That he furnished the weapon has been admitted by the negro, and Hogg, believing that he would again be thrown into close confinement, made his escape before the authorities took action in his case.

COL. CHUBB RETURNS.

Inaugural Ceremonies Were Grandest in History of Nation.

Col. H. S. Chubb, of the United States land office, has returned from Washington, where he has been for the past ten days on business and to witness the inaugural ceremonies of President Taft.

Even the tremendous snow-storm didn't mar or stop the enthusiasm of the great crowds that had assembled to hear the inaugural address of the President, and the principal streets along the line of procession were a mass of humanity, and presented on the illumination of the arches at night one of the greatest sights ever witnessed in the National Capital.

Col. Chubb states that snow covered the trees, houses and yards and was one solid mass, with the exception of along the line of parade, over two thousand men being employed in keeping one street swept clean of the beautiful white flakes.

Sale of Seed Cotton.

Editor Sun: I have noticed the continued debate on the sale of seed cotton to be allowed only in certain months of the year.

I can see where this is an advantage to the small planter as well as the large one, or especially the poor mothers and children.

It is a known fact that as soon as a few men gather a few pounds of cotton it is sold, and the money spent in various ways, some times for the welfare of the family, but quite often it is not. Now let our laws protect mothers and children.

EAST ENDER.

Hawthorn, March 8.

GAINESVILLE TO HAVE BIG FARMERS' STORE

West Florida Man Now Figuring on Project---Ginnery in Connection With Supply House.

At last Gainesville has the chance to secure one of the most important enterprises it has long needed—an immense cotton ginnery to be located somewhere in the city that will prove both accessible to railroads and people.

A West Florida man, realizing the importance of such an establishment in this place, has been here for the past several days endeavoring to obtain the necessary building for the opening up of the business.

What he wants is a large store building where he will be enabled to carry a general line which he proposes to furnish to the farmers on time, not only their eatables, but all classes of merchandise and farming supplies, taking his pay out of their products, principally cotton to be raised by them during the year.

It is understood that a suitable location has been secured for the erection of the ginnery along the line of the Atlantic Coast Line in the Southern part of the city, but the party has been unable to secure a suitable building in which to operate his supply business.

He will put in what he terms a farmers' supply house, and will induce the farmers from all over the county to come here and do their trading in order that he will be better enabled

to have them bring their cotton here during the fall months.

Gainesville has never been an extra good cotton center, but with the men after the goods there is no reason why it should not be the leading cotton market of the State, for in most cases a large percentage of the cotton raised in this section is eventually taken through the hands of H. F. Dutton & Co. now doing business here. Of course they handle principally the lint, but the new concern that is desirous of establishing in Gainesville would make a market for all goods, both seed and lint, and would draw many thousands of dollars to the city annually that now goes elsewhere.

The gentleman from West Florida has the means to carry on the extensive business he proposes, and it would be a good thing for the city and merchants in particular.

The mere fact that he proposes to conduct a farmers' supply house would not compel these outside trading with him, and the merchants would reap a benefit from the cash that the new firm would pay out here for the seed cotton.

The directly interested party will return to the city within the next few days, when The Sun will be able to give more information as to just what the gentleman has done concerning the project.

Wife Burned to Death; Husband Is Behind Bars

STATESBORO, Ga., March 8.—News of the terrible fate which befell Mrs. Joe Wood, who resided near Rocky Ford, this county, Saturday, has reached here. While bathing her children in front of an open fire-place Mrs. Wood's clothing caught fire. She ran into the yard, where the wind fanned the flames, and was burned to death.

The occurrence is one of the most pathetic in the history of Bulloch

county. Joe Wood, the husband of the unfortunate woman, is in jail pending trial for his life. He was once convicted and sentenced to life imprisonment, but was granted a new trial. He is the father of several small children, the oldest of whom is but seven.

Wood was taken from the jail to his home yesterday by officers and broke down at the horrible sight. He will be taken today to the funeral of his wife.

Father's Suicide Quickly Follows That of Son

FRANKLIN, Ga., March 8.—Following the tragic death of his son, R. F. Ridley, Jr., who blew out his brains only a few days ago, R. F. Ridley, Sr., one of the most prominent men of this county, committed suicide yesterday in a field near his home, about two miles from this place. He first shot himself and then cut his throat.

Both suicides are wrapped in mys-

tery, as it is stated that absolutely no reason is known why Ridley and his son should have taken their lives. The elder Ridley was one of the largest planters in this section and was generally respected, while his son, who was only 23 years of age, was very popular.

The father is survived by his wife and four children, two daughters and two sons.

DIGGING UP GRAVES TO GET BONES FOR TRAFFIC

SAVANNAH, Ga., March 8.—Just about to finish a contract for delivering 20,000 pounds of bones, Joe Marks, colored, was arrested by a patrolman Saturday evening.

The negro had in his pocket name plates from coffins, and when questioned said that he had been digging up graves in the colored cemetery to get the bones.

He had taken a large contract and

he calculated on being able to fill it fully last night if he had been unhindered. The fact that he had about completed the work was confided to the patrolman while standing near the patrol box.

The want ads. do more real estate business than all other brokers combined—in fact, they "start" most of the business that the brokers and agents finish.

Jennings' Man Loses Life By Falling Tree

JENNINGS, Fla., March 8.—S. K. Collins, who lived five miles south from this place, was killed by a falling tree. Fire which had been started purposely in the woods had been fanned into such brisk blazes by the rising wind that it was almost beyond control, and was threatening the farm buildings which stood just across the road from the woods on Mr. Collins' plantation, and his residence was threatened. He, with some neighbors, were busily engaged in fighting back the fire, and Mr. Collins, who was 76 years old, and hardly able to do work, was overcome with exertion and at

the same time so engrossed with the fire that when his wife, who was out with them, saw that a tree had burned off the stump and was about to fall on him, called out to him to get out of the way, he failed to heed, and was instantly killed by the tree when it fell.

Mr. Collins served in the Indian War and in the Civil War. He was a valiant soldier, and after the war he returned to his farm, on which by industry and thrift he was enabled not only to make a good living, but to lay by something for a rainy day. He was well-known in this county, and was loved and respected by all.

MISS DORIAN ELLIS AGAIN IN THE LEAD

SECURED 47,100 VOTES IN YESTERDAY'S COUNT.

Many of the Lower Candidates Increased Their Standing Materially.

Hereafter no candidate will be placed in the piano contest until they have a count of at least 300 votes. This is done to eliminate the practice of some to place a name in nomination just to have that person withdraw.

Following is the standing of the candidates after yesterday's count:

One of the Essentials

of the happy homes of to-day is a vast fund of information as to the best methods of promoting health and happiness and right living and knowledge of the world's best products.

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best the world affords.

One of the products of that class, of known component parts, an Ethical remedy, approved by physicians and commended by the Well-Informed of the World as a valuable and wholesome family laxative is the well-known Syrup of Figs and Elixir of Senna. To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

SANITARIUM NOTES

Mrs. Francis Masl, a recent visitor to the Sanitarium, has returned to her home in Washington, D. C.

P. X. Heatwole of Virginia, who is under treatment at the Sanitarium, continues to improve, and expects to leave for his home soon.

W. T. Gill, of the Southern Express Company, is at the Sanitarium quite ill with typhoid fever. He is being carefully attended by Dr. Colson.

Walter Bollston, of the Coca-Cola Bottling Works, is a fever patient this week.

Miss Susie Mansell, one of the faithful nurses, has been nursing a patient outside of the Sanitarium this week for Dr. DePass.

C. A. dePolx of New York, who has been at the Sanitarium during the winter, continues to improve and has decided to remain for some time yet.

Mrs. C. C. Hudson of Jacksonville is a patient under the care of Dr. Hodges. She expects to be able to return to her home within the next few days.

William Calhoun, who has been quite ill, is now able to be up, and hopes are entertained that he will improve rapidly.

UPSHAW—BEVERLY.

Gainesville friends of the contracting parties will be interested in the following, which appears in Saturday's issue of The Atlanta Journal:

"An interesting marriage announcement has just been made. It is that of the marriage of Miss Marguerite Beverly of Thomasville to William D. Upshaw, the evangelist and orator, which is to take place at the home of the bride-to-be, on May 5th.

"Miss Beverly is the daughter of Mr. and Mrs. Edward Beverly of Thomasville, Ga. She is a devoted church worker and is possessed of brilliant traits, both intellectually and personally.

"Mr. Upshaw is well-known in church work all over the State of Georgia, and, in fact, throughout the entire South. He is editor of The Golden Age and it is through this paper that some of his best writings have been given to the public, and they have been the source of help in his church work in many cases.

"Mr. Upshaw has worked as zealously for educational work as he has for church work. He has made campaign after campaign for Mercer University, Bessie Tift College and the several colleges in Texas."

GLEASON—SMITH.

There was a quiet marriage ceremony at the residence of J. F. Bunch on Sunday afternoon, when Mr. G. A. Gleason and Miss Arretha Smith, both of Rocky Point, were united in holy bonds, the genial Justice J. A. Carlisle performing the ceremony.

The marriage will come as quite a surprise to the many friends of the couple, for while it was rumored that such was possible, no one had any idea of the affair being so soon.

Both are well-known in this section. Mr. Gleason has been a successful planter of Rocky Point for many seasons, while the bride is the sister of Mr. Thad. Davis.

The couple have the heartiest wishes of their numerous friends throughout this section.

AMUSEMENTS

At Tabernacle Tonight.

The Christine Giles Recital Company will appear at the Tabernacle tonight. This attraction comes in connection with the High School Lyceum Course, and all season tickets will be good on this occasion.

Miss Christine Giles is the possessor of a lyric soprano voice of unusual sweetness and sympathy and a most attractive personality. It is seldom that in a voice of so charming freshness and brilliancy there is evidence of the careful training and artistic finish that characterizes Miss Giles' work. In addition to her popularity as a singer, Miss Giles is a violinist of marked ability; a unique feature of her performance is the playing of her own violin obligato while she sings. In this peculiar and difficult achievement Miss Giles is without an equal.

Miss Evelyn Lewis is an entertainer of rare personality and ability. She possesses unusual natural gifts, developed to a marked degree. Her work is attractive because of the radiation of her sterling character and because of her artistic interpretation of the author's thought. Her presence upon the platform is beautiful and very expressive. Her manner always suggests beauty and refinement. Her voice expresses the thought and emotion to the audience and is well modulated, musical and sympathetic. She possesses great power as a dramatic reader and is also equally good in her lighter numbers. Her work is that of a true artist.

In speaking of Mr. Batchelder, another member of the company, The Boston Herald says: "Mr. Leon Batchelder, flute soloist, came in for his share of glory for his finished work, both in his solos and the obligato with the soprano, which was one of the gems of the evening. Mr. Batchelder also played a piccolo for one of his many encores. This young man deserved the genuine applause he received."

Electric Theatre.

The next thing to taking a trip around the world is to have a good talker who has been there, assisted by splendid views, tell you all about the noted places and scenes. The disastrous earthquake and fire at San Francisco will be explained and shown up in vivid realistic manner and not a place on the earth of importance but what has been visited by John Ennor, who will tell about them each night this week at the Electric Theatre.

See and hear him once. There is no extra charge.

Wells Company Next Week.

The John B. Wells Comedy Company will come to the New Baird Theatre for three nights, beginning Thursday, March 18th, with a matinee on Saturday. This is one of the largest troupes out this season.

"In Arizona."

This popular play will be presented in Gainesville under canvas by the Phillips Brothers Company on Thursday, the 11th inst.

Will Go to Miami.

Col. Robt. E. Davis, L. C. Lynch, D. M. Tomkies, J. A. Robertson and Dr. J. H. Hodges will leave today for Miami to attend the session of the Grand Lodge, Knights of Pythias.

All are looking forward to a big time, as Miami is noted for entertaining her visitors royally.

The delegation expects to get back to Gainesville about Saturday.

Installation of Officers.

The regular monthly meeting of the Woman's Home Mission Society of the Methodist church will be held in the lecture room this afternoon at 3:30. All members are asked to attend, as the officers for the new year will be installed at this meeting.

The "Digestible" Shortening.

Lard is the most commonly used cooking fat, yet not 10 per cent of the food cooked with lard digests naturally and easily; the other 90 per cent, instead of nourishing the body, merely clogs the digestive organs.

Physicians and cooking experts have long been seeking something to replace lard, and repeated tests have finally demonstrated that Cottolene, a vegetable oil cooking fat, is not only pure, nutritious and wholesome as olive oil, but is even more economical than lard. Such noted authorities as Mrs. Rorer and Marion Harland both recommend Cottolene as "much more healthful than lard."

A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG,

SICK WOMEN WELL.

The many and varied symptoms of woman's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1008 pages), a newly revised and up-to-date Edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.

Praise Gainesville.

A party of Pennsylvania people who spent several weeks here recently, writing from their home state that in all their travels over the State they were more favorably impressed with Gainesville than any other section, and were delighted with their trip to Wauburg Lake, near Micanopy. They are telling their friends and a larger number will show up next year. Those in the party were J. D. Strunk, Frank Collier and Frank Herb.

TRY THE MONEY-BACK CURE FOR INDIGESTION.

Nine times in ten stomach derangements are responsible for sallow complexion, dull eyes and thin body.

It is the stomach that supplies nourishing blood to the muscles, the nerves, and skin. If the stomach is healthy, plenty of nutritious matter will be absorbed by the blood. If it is not healthy, the food will ferment, and undigested, will pass along through the bowels, furnishing so little nutritious matter that the blood becomes impoverished, and the glow of health vanishes.

If you suffer from nervousness, sick headache, belching of gas, sour taste in the mouth, heaviness after eating, or any other miserable stomach disturbance, you need Mi-on-a, and the sooner you get it the quicker you will be healthier and happier.

It will relieve any distressed stomach condition almost immediately. It will cure if used according to directions. J. W. McCollum & Co. sell it for 50 cents a large box, and they think enough of it to guarantee it to cure indigestion.

ZETROUER'S SUICIDE WAS PREMEDITATED

WAS DISSATISFIED OVER TRIVIAL
MATTER OF HORSE TRADE.

He Had Been Victim of Fiftified Dog,
Which Caused His
Peculiarities.

Information received from one of
the relatives of young Marion Zetrouer
of Rochelle shows that his act was
premeditated in killing himself on last
Friday afternoon.

The story of the affair was about
as published except that which led
up to the self-killing, which, in part,
follows:

He had a young horse which he
was very much attached to, but for
some reason the animal had been
traded off for one more serviceable
and when the animal was brought
home he raised a great protest, declar-
ing that it should not be fed, but his
older brother paid no attention to his
whims and fed the animal after hav-
ing a few words with him about it.
His parents learning of the occur-
rence, went out to investigate and Ma-
rion took his departure for the house,
when he secured the gun and two
shells and went into an adjoining field
and committed the deed. His brother,
John, was the first to reach him after
the shooting, but he was dead upon his
arrival, the second shot having tore
off the top of his head.

Marion, some time since, had been
bitten by a "fiftified" dog, and since
that time the least excitement would
cause him to have some peculiar
"spells." Nothing was thought of the
occurrence about the horse, however,
until the report of the gun was heard,
which revealed the fact that the sui-
cide was premeditated.

Will Visit Gainesville.

Thos. T. Elmore, secretary of the
Jacksonville Choral Society, begs to
inform the music-lovers of Gainesville,
that he will be in this city the latter
part of the week prepared to take ap-
plications for season tickets to the
Grand Spring Festival, to take place
in Jacksonville on the 19th and 20th
of April, for which the Damrosch Or-
chestra of New York has been en-
gaged. The world-wide fame of this
orchestra, as well as that of the
soloists engaged, should attract every
lover of music of the highest grade.

Mr. Elmore is a son of Capt. Elmore
of this city, and is a musician himself
of the highest order—an artist on the
violin and the possessor of a magnif-
icent voice. He will probably sing a
solo in one of the churches on Sun-
day. His desire is to meet with
the musical people of Gainesville.

Has Made Change.

W. T. Bodiford of this city has re-
signed his position as salesman out
of Savannah, as the following clipping
from The Times-Union shows him
representing a Jacksonville house:
"Mr. W. T. Bodiford, one of the
most popular drug salesmen traveling
the Florida territory, is now associat-
ed with the Southern Drug Company,
of this city, and will represent them
throughout South Florida. Mr. Bodi-
ford is a fitting representative for a
progressive house such as the South-
ern Drug Company and will do his
share toward keeping his firm fore-
most among the largest drug stores
of the South. The Southern Drug
Company has recently added three
new salesmen to its force, who are go-
ing after the business with push and
energy."

Col. Max Krauss Here.

Col. Max Krauss, accompanied by
his wife, are among the visitors to
the city and will make this their
headquarters for the next few days.
Col. Krauss is one of the oldest travel-
ing men in this part of the country
and has been making Gainesville and
this section nearly ever since it has
been a city of any importance. He has
a very large circle of acquaintances
outside of the travelers, which fact
his good wife has doubtless realized
since her trip with him through this
section.

THE CAUSE OF COLDS

Good Advice Regarding The Prevention
of Coughs and Colds.

If people would only properly forti-
fy and strengthen their system, about
98 per cent of coughs, colds and pneu-
monia might be avoided. These trou-
bles are simply the result of weakness,
which produces a catarrhal condition
of the mucous membrane, which is as
an internal skin of the body. When
this skin is weakened, it becomes
infected with germs which are carried
through the system by the blood. These
parasites attack and break
these delicate tissues and set up sore-
ness which produce what is in reality
an external scrofula.

The only thing that will cure coughs
and colds and prevent pneumonia is
a medication which is absorbed and
carried by the blood so that the dis-
eased membrane is disinfected, clean-
ed, soothed and healed.

We have a remedy which we hon-
estly believe infallible and unsurpass-
able for the prevention and cure of
coughs, colds and all catarrhal con-
ditions. It is the prescription of a
famous physician, who has an en-
viable reputation of 30 years of cures
gained through the use of this medi-
cine. We promise to either effect a
cure in every case or make no charge
for the medicine. We urge everybody
in Gainesville who has need of such a
medicine to try Rexall Mucu-Tone.

It stands to reason that we could
not afford to make such statements
and give our own personal guarantee
to this remedy if we were not abso-
lutely positive that we could sub-
stantiate our claim in every particular,
and we see no reason why anyone
should hesitate to accept our offer and
try it. We have two sizes of Rexall

THREE LOADS SHOT FIRED AT WILLIAMS

WHOLE TROUBLE AROSE OVER
KILLING OF CHICKEN.

Case Has Been Set for Hearing Today
Before Justice Carlisle—Many
Witnesses to Be Heard.

Shot three times with small bird
shot, over a chicken, is the plight
of an aged darkey, Aaron Williams,
residing a few miles west of the city.

The shooting was done by a great
big black negro, Davie Walker, who
could have easily picked the old man
up and broke him in two instead of
firing the shots, which are very pain-
ful and will prove a hardship on the
old man.

Williams is a hard-working old farm-
er, and in some way one of Walker's
chickens got over to his place and was
killed, and when Walker went over to
see after the matter, Williams offered
to pay for the fowl, but Walker rather
aggravated the affair and wanting to
be more "Jesse" than otherwise, would
not listen to the old man. He went
to his home, procured his gun and
went after Williams, shooting him
first in the face in his field. Williams
started on the run, and as he was climb-
ing a fence Walker again put two
more loads of shot into him.

Walker has been arrested for the
offense and the case set for this morn-
ing before Justice Carlisle.

NEGRO SHOTS AT OFFICER ON SUNDAY

THADDIUS HAGUE WAS DEPUTIZ-
ED TO ARREST FRED MACK.

Negro Now in Dangerous Condition
and He May Die from His
Wounds.

Thaddius Hague, a young white man
of Hague station, Sunday shot and
mortally wounded a negro by the
name of Fred Mack, who he was en-
deavoring to arrest upon a charge
of carrying concealed weapons.

It had been reported that Mack was
carrying a pistol and a warrant was
sworn out and placed in the young
man's hands to make the arrest. He
had approached the negro and inform-
ed him of his business when the negro
stepped off a few paces and took a
shot at Hague before he was aware
that the negro was armed.

Young Hague in return pulled his
pistol and shot the negro down, the
ball entering to the left of his nose
and ranging downward.

Shortly after the shooting Dr.
Bishop of Alachua was called and
dressed the wound, but was unable to
locate the ball, which penetrated the
negro's tongue and he is now reported
in a serious condition.

Besides the negro shooting at the
officer, it is understood that he stout-
ly resisted arrest, but in case of his
death all this will come out at the
inquest.

DON'T BE MISLED.

The retail druggists of this country,
as a class, are noted for their high
standard of intelligence and honorable
dealing, but it is a well-known fact
that occasionally you will find one
who will try to sell you something else
when you call for a remedy of estab-
lished reputation. He forgets that
your health is more important than
his pocketbook.

For example, when you ask for Dr.
Kilmer's Swamp-Root, the great Kid-
ney, Liver and Bladder Remedy, don't
let any druggist, drug clerk or store-
keeper persuade you into buying some-
thing else in its place. Every time
he succeeds in selling you a worthless
substitute he makes more profit, but
you are numbugged at the expense of
your health.

For many years we have watched
with much interest the remarkable
record maintained by Dr. Kilmer's
Swamp-Root. From the very begin-
ning, the proprietors had so much
confidence in it that they invited
everyone to send for a free sample
bottle so that people could judge of its
great curative value in even the most
distressing cases of kidney, liver and
bladder troubles.

On another page of this paper you
will find a few of the letters, prompt-
ed by feelings of heartfelt gratitude,
that are constantly coming to Dr. Kil-
mer & Company. No one can doubt
such sincere and honest testimony.

Swamp-Root is prepared only by Dr.

A Dear Dish.

"Learning by experience in New York is expensive business," said an out of town man. "Last night a lesson cost me just \$8.50 and was cheap at that. You see, I had a little dinner for a few friends in a private room at one of the best restaurants. Everything was just right, and I was mighty well pleased. One thing was especially pretty, and that was the dish of spun sugar in which the fruit was served. It had all sorts of little flowers and bowknots sticking out from it, and every one of the crowd broke off a piece to nibble on. When I went to pay the bill one item surprised me. 'Eight dollars and a half for a dish' was something I didn't understand. 'What's it for?' I asked, pointing to this item. And it was then and there explained to me that a dish of spun sugar was just as much the property of the establishment as one of cut glass or silver, and any damages must be paid for. It was all right enough, but it was new to me."—New York Sun.

Overplayed His Hand.

"Sir," began the bumptious applicant for a job, "I have been told that you are looking for a clerk."

"So I am," answered the man at the desk.

"I suppose you want a person who neither smokes, drinks nor swears and never engages in games of chance; one whose character is the best; one who is honest, industrious and thoroughly capable; one who will stop at nothing, consistent with his principles, to further the interests of his employer. In short, a brisk, intelligent all around man who knows business from A to Z and will never be caught napping? If so, I am the individual you are looking for."

"You will pardon my diffidence, I hope," said the man at the desk. "If you are half as competent as you claim to be I feel myself unworthy of becoming your boss. Good morning!"—Birmingham Age-Herald.

Foiled Him.

When Tommy was taking papa his dinner he stopped for a moment to watch a workman emptying a sewer.

"That," remarked Tommy interestedly, "is the grate my brother lost a shilling down."

The workman's eyes lit up.

"Well, young man," he said, with a show of carelessness, "you'd better get forward with that dinner before it's cold."

In about half an hour Tommy returned to find the man still at the same grate.

"Are you quite sure it was this grate the shilling was lost in?" said the workman.

"I am certain," replied Tommy, "because I saw my father get it out."—London Answers.

THE TEST THAT TELLS.

Dothan, Ala., Jan. 21, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen: About one year ago two of my children suffered badly from weak kidneys and diabetes; their urine was very bad and they would have severe spells of dizziness, and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results, and I decided to get some for the children. I noticed there was some improvement after they had taken two large bottles, and continued to give it to them until they had taken a half dozen bottles and were well on the road to recovery. I think Swamp-Root has done more for my children than any other medicine I have tried and I recommend it to one having children who suffer as mine did.

Gentlemen: Some time ago I was troubled with kidney trouble. I thought for some time I was suffering with diabetes. I had severe pains in my back and hips. A friend recommended Swamp-Root and I decided to give it a trial. I obtained a bottle from a druggist and after taking a few doses, felt relieved. After taking several bottles the pain was entirely gone and I have not suffered the slightest since. I cannot be too enthusiastic in my praise of this wonderful medicine and it gives me great pleasure to give my testimonial in regard to its merits.

THE VALUE OF A REMEDY IS
PROVEN BY ITS CURES.

Elkwood, Ala., Dec. 14, 1908.

Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs: I have derived such great benefit from the use of your remedy, Swamp-Root, that I believe it to be most important for the public to know its worth. For the past ten years I have been the most miserable of men. Did not know what the trouble was but had to urinate very frequently both day and night; was puffed up generally. Could not sleep more than a couple of hours at a time, was greatly distressed after eating a meal and was about worn out. I had tried nearly everything I could see advertised and hear of, without helping me to any great extent, until finally in October last at Ripan, Wis., I purchased a one-dollar bottle of Swamp-Root and commenced taking it according to directions and I followed that with another bottle and experienced such great relief and benefit from same that I purchased five dollars worth at Huntsville, Ala., and continued its use and am now taking it, but in smaller doses and twice a day in place of four times a day, and believe by the time present supply is used up I will be entirely well. I am feeling better now than for ten years past. Can eat and sleep first-class, in fact, I am feeling so good that I cannot resist telling you about it. You are at liberty to publish this testimonial should you wish. Very respectfully,
THOS. STALLARD, U. S. A., Retired,
Box 7, R. R. No. 2, Elkwood, Ala.

A CLERGYMAN.

New Roads, La., Jan. 22, 1909

Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs: I write today to the public that your Swamp-Root cured me of kidney trouble. I was almost past going; having spasmodic spells with my kidneys that were breaking down my constitution. The best medical aid was employed and they pronounced my trouble as alkali in the kidneys, but were unable to do me any permanent good.

I took four bottles of Swamp-Root and became a well man. This was six years ago and I have had no trace of the trouble. Yours for suffering men,
REV. J. R. TAYLOR,
Pastor Baptist Church, New Roads, La.

MAIL CARRIER'S EXPERIENCE.

Blountsville, Tenn.

I have been a rural letter carrier for over five years. Some two years ago was taken with severe pains in my back. I used medicine from my family physician for several months without any benefit. A friend, Mr. J. D. Nelson, advised me to try your Swamp-Root, but I had no faith in it. I continued to grow worse and at last decided to try this remedy and bought of Long Bros. a fifty-cent bottle which gave me great relief. I then bought two one-dollar bottles, which I can truthfully say have completely cured me.

Had it not been for Swamp-Root, I would have been compelled to quit the rural free delivery service.

I advise all mail carriers who get pains in their back that Swamp-Root will cure them.

I was so bad that very often my wife would have to help me to arise.

A CONTRACTOR.

Donalsonville, Ga., Jan. 20, 1909

Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen: About four years ago I suffered from kidney trouble and rheumatism in my hips. The pain across my back became so severe that I could hardly straighten up and could not walk without dragging my feet. I would urinate frequently and would have to rise two or three times during the night, causing me to suffer from loss of sleep. And with the pain I was all run down and began to lose flesh. I saw Swamp-Root advertised and bought one bottle to try it. After taking it I felt better and could sleep all right at night. I continued to take it until I had taken four large bottles. I was entirely free from any pain in the back and began to gain in weight. I always recommend Swamp-Root to my friends as I think the cure in my case remarkable.

Yours very truly,
M. H. HICKSON,

BENEFICIAL IN SEVERE CASES.

Edgefield, Tenn.

Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen: I hardly know how to express my appreciation for the good your Swamp-Root has done me. I had been greatly troubled with my kidneys, and with pain in the back; also with what the doctors termed inflammation of the neck of the bladder. Sometimes my back would get in such shape that I was almost helpless. I had tried several doctors and medicines to no good effect, and finally I noticed in some paper where Dr. Kilmer proposed to send a sample bottle of his kidney medicine, Swamp-Root, free by mail. I sent at once and received promptly a sample bottle. After taking it I found it did me good. I then purchased two bottles from our merchant, Mr. W. J. Elizer. After taking the medicine I felt like a new man, and each day rode five miles to teach school. You are at liberty to use this letter, or refer anyone to me, as I will always be glad to tell them what a wonderful remedy this Swamp-Root is. Mr. James Ivens, of Sandersville, Tenn., is taking it with good results. Very truly yours,
D. A. MONTGOMERY,
Member Tennessee Legislature,

RESULTS IT HAS PROVED.

Dothan, Ala., Jan. 21, 1909.

Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs: Have been suffering more or less from kidney trouble for the last five years and was induced to try your Swamp-Root. Am happy to say, or give you testimonial, that it has cured me. I as a traveling salesman for Messrs. Colgate & Co., New York, and am always traveling on the road. Drinking the different waters affected my kidneys.

Yours respectfully,
SAMUEL WOLF.

A PROMINENT MASON.

Jackson, Tenn.

According to my experience, I do not consider there is anything to equal Swamp-Root for kidney affection.

Twice it relieved me when I was completely helpless.

The last time I was traveling in Texas, when my kidneys became affected, and for ten days I suffered excruciating pains, accompanied with severe chills. Several years previous, having been relieved of a similar attack, I naturally sought relief as before from Swamp-Root.

After using four of the large-size bottles, I was completely restored and went on my way rejoicing and praising Swamp-Root. This was three years ago and I have had no indication of a return of the affliction.

Dr. Kilmer & Co., Binghamton, N. Y.

Dear Sirs: During last October I suffered from my kidneys.

I consulted my physician, who prescribed for me, but his treatment did not benefit me. After reading some Swamp-Root literature, I decided to give it a trial. After taking a few doses, I felt somewhat relieved, and after two one-dollar bottles had been taken, I had no pain and was completely cured. I have not had the slightest pain in my back or hips since. From my own experience, I can cheerfully recommend Swamp-Root to anyone suffering from kidney trouble.

Yours very truly,

CURRENT COMMENT.

The Springfield Republican says: "The New York chauffeur who showed the judge his appendix in a bottle and said that it was proof that he was not driving beyond the speed limit was arguing along novel lines. The judge handed down the decision that a chauffeur without an appendix is just as amenable to the law as a less mechanically perfect man."

The Pittsburg Post says: "Messrs. Knox and MacVeagh have made big personal sacrifices to become members of Taft's cabinet, and the purchase of a \$100,000 Washington house by another prospective member of the new cabinet indicates that service here isn't going to be altogether for the salary connected with the places. Simplicity is in for some more hard experiences, it seems."

The Norfolk Virginian-Pilot says: "President Taft is quoted as saying of Roosevelt that the historian of the future will look upon him as one 'providentially raised up to meet an exigency in the country's history only less important than the Revolution and the Civil War.' If so, it only furnishes fresh illustration of the passing strangeness with which Providence selects the media through which it works. Tom Platt made Roosevelt Governor of New York and afterwards Vice-President. The bullet of an assassin did the rest."

The Philadelphia Record says: "Mr. Taft favors a graduated inheritance tax, but he is silent regarding an income tax, the most difficult of all taxes to collect, and quite uncollectible except by inquisitorial means, which Anglo-Saxons, and democracies generally, have resented. The subjects of the Kaiser pay their income tax patiently. To republican France it means royalty, and only under the pressure of financial desperation is the government trying, with much ill-success, to force it upon the legislative body. England, which has paid it for a long time, is now complaining both of the means employed for collecting it and the great extent to which it is evaded."

The idea of making all sorts of paper from the pulp of Florida pine trees is not a dream of The Gainesville Sun. It is a reality. The senior of The Herald was in Gainesville last Wednesday and he saw the paper. There were a dozen or more kinds of it—linen, bond, book, ordinary letter, antique finish and others—various tints, weights and grades, and all of it was and is as good as any paper made from any other material. Mr. C. W. Chase is at the head of the scheme with ample capital and Mr. B. F. Williamson, his capable manager, is now established in Gainesville and is perfecting plans for building a great factory there. Mr. Williamson says that the pine forests which his enterprise will consume will be replaced as fast as his big mill can use the timber and thus the supply of material will be kept up indefinitely. Arrangements are being made to print an edition of The Gainesville Sun on this fine paper.—Punta Gorda Herald.

That Finland is far from enjoying the amount of freedom which is her due is evident from the reason that has led the Czar to dissolve the Diet and order fresh elections. This step has been taken solely because one part of the Czar's speech from the throne on opening the Diet was criticised by one of its official members. What a time the Czar would have with our Congress if he were here instead of in Russia.

We most certainly believe in the doctrine that each man should love his neighbor as himself. But when one neighbor has a garden and the other neighbor keeps hens it is sometimes difficult for the man with the garden to live up to the doctrine.

The Florida School Exponent has changed hands. Professor Murphree having sold the same to Miss Hattie H. Carpenter of Miami, who is now editor and publisher of that excellent educational journal, and it will hereafter be printed at Miami. Editors Murphree, Yocum and Bucholz have done much to keep The Exponent up to the high standard attained under the editorship of Professor T. F. McBeath, and the press fraternity generally regret their retirement. It is safe to say, however, that the paper will lose none of its prestige under its new editor. Miss Carpenter is well equipped for the undertaking she has assumed and The Sun bespeaks for her the aid and patronage of every teacher in the State. They need just such an educational journal as she will give them if they give her the proper encouragement.

Cuba will make a great blunder if it establishes a national lottery such as it proposes doing. The lottery business in this country was an octopus that ruined hosts of people whom it got into its clutches, and it took the determined work of our Government for many years to be rid of it. Cuba is poor but a lottery would impoverish it.

Porto Rico shows good sense in declining to have nothing to do with the proposed union of that island with Cuba, Hayti and San Domingo. A union with Cuba alone would be risky, but to join Hayti and San Domingo would be sheer madness.

A nation's strength does not lie in the number of its people but in their character. It is the strong, intelligent, law-abiding and courageous men and women who are true to their convictions that give abiding strength and power to the State.

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.

OUR FIRST MUSTANGS.

They Were Probably Brought to This Country by the Spaniards.

The first horses of the western plains were probably brought there by the Spaniards. In 1545, almost fifty years before Jamestown was settled, Coronado, the Spanish captain, was roaming about the plains of New Mexico, and he tells of the dogs used by the Indians to haul their plunder on lodge poles, indicating that they had no horses at that date.

In 1716 the Spanish again worked their way eastward across the plains, and their letters tell of the astonishment of the Indians at seeing the horses they had with them. The expedition was constantly losing horses, and there is little doubt that the first droves of western horses originated from these strays.

In the early days upon the plains they were a great pest to travelers. Wee be unto the luckless camper who allowed a band of wild horses to get close enough to his gentle horses, turned out for the night, to sweep them off. It was almost useless to follow, for the call of the wild comes to the gentlest of horses when he is thrown with a band of his kind that have been born and raised free of all restraint. It is a well known fact that the hardest one to "cut out," the leader of them all in a mad race across the prairie, is the old, gentle, well broken saddle or work horse once he gets a taste of such freedom.—Will C. Barnes in McClure's.

Wormology.

Should be studied by every parent. If your child is nervous, fretful, starts in its sleep, is pasty faced, has rings under its eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. Is it's own purgative. Sold by W. M. Johnson.

THE SLEEPING SICKNESS WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balmy sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head and mercy knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep. VINOL is sold in Gainesville by W. M. Johnson, Druggist.

Whistling on Sabbath in Scotland.
Concerning the Scottish reprobation of whistling on the Sabbath Dean Ramsay has a characteristic story. A famous Glasgow artist met an old highland acquaintance unexpectedly. "Donald, what brought you here?" "Ou, weel, sir, it was a baad place you; they were baad folk, but they're a God fearin' set o' folk here." "Well, Donald, I'm glad to hear it." "Ou, aye, sir, 'deed are they, an' I'll gie ye an instance o't. Last Sabbath just as the kirk was skailin' there was a drover chield frae Dumfries comin' along the road whistlin' an' lookin' as happy as if it was a middle o' the week. Weel, sir, oor lauds is a God fearin' set o' lauds, an' they were just comin' oot o' the kirk—o'd they yekit upon him an' a'most killed him!"

Race Suicide

Is not nearly the menace to increase in population that deaths among infants are. Eight out of ten of these death are directly or indirectly caused by bowel troubles. McGee's Baby Elixir cures diarrhoea, dysentery, sour stomach and all infant ailments of this nature. Just the thing for teething babies. Price 25c and 50c per bottle. Sold by W. M. Johnson.

A Funny Family.

"What makes your hair snap so?" asked the child who was watching his mother comb her hair.
"Electricity," his mother replied.
"We are a funny family," remarked the child after a few moments of thought. "The other day you said papa had wheels in his head, and now you've got electricity in your hair. If you put your heads together you might make an electric motor, mightn't you?"—New York Times.

The Size She Wanted.

The woman went in the bookstore and asked for a globe.
"What size do you want?" asked the clerk, turning one on its pivot for her to look at the various and sundry countries in pink and blue.
"I think," said the woman, "that you may give me one life size."—New York Times.

Lovers

Of good health should prevent sickness instead of letting themselves get sick and then try to cure it. FOR CITY MARSHAL.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,

CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

CHAS. M. DELL.

FOR TAX ASSESSOR.

To the Voters of the City of Gainesville:

I respectfully announce myself a candidate for City Tax Assessor for the year 1909. Having been Tax Assessor for four years, I am fully prepared to fill the office, as my record will show, the city assessment having been increased in that time from a little over \$600,000 to over \$1,000,000. I was prevented from running for this office last year on account of sickness, and now respectfully solicit your votes.

W. M. BRADFORD.

To the Voters of Gainesville:

I hereby announce that I am a candidate for re-election to the office of City Tax Assessor for the year 1909, in the election to be held on April the 13th, and most earnestly request you all to give me your vote and support for the position.

Thanking you for your past endorsement, I remain, Yours very truly,
B. R. COLSON.

S.S.S. NATURE'S CURE FOR BLOOD POISON

S. S. S. is known as Nature's Cure for Contagious Blood Poison because it is prepared entirely from the blood purifying and healing extracts of roots, herbs and barks taken directly from the natural forests of the land. It does not contain the least particle of strong mineral ingredients, and is so prepared as to aid in the upbuilding of every portion of the system, while driving Contagious Blood Poison from the blood. No unpleasant effects ever follow the use of S. S. S., such as stomach troubles, dyspepsia, mercurial rheumatism, etc., as is so often the case where other medicines are used. S. S. S. goes down to the very bottom of the trouble and gently but surely, drives out every trace of the disease, cleanses and purifies the circulation, and by its fine vegetable tonic effects, assists the system to rapidly overcome the ravages of the disease, and regain its natural healthful condition. S. S. S. does not cover up or hide the symptoms for awhile, to break out later, but so thoroughly does it remove the cause that no signs of the trouble ever return. S. S. S., Nature's cure, is the surest and safest remedy for Contagious Blood Poison. Home Treatment Book with valuable suggestions and information, and any medical advice free to all who write.
